Every Day A Shooting - A project by ChurchOf.Art

We recently lived in a community devastated by gun violence. We believe that we can create change. As artists, individuals, and citizens, we have created a calendar where each page highlights an act of gun violence that has taken the lives of our most vulnerable community members. This document features an incident of gun violence for each day that includes all 50 states with an emphasis on school shootings, hate crimes that target the LGBTQ+ community, domestic violence and children with unsecured guns. We seek to show how this preventable violence disproportionately affects the most vulnerable populations.
